With only 49000 miles on the clock, this 2018 Ford Kuga is a great option. As a TDCi ST-Line variant with the ST-Line trim, it features a 1.5L diesel engine and meets Euro 6 emission standards. The vehicle is equipped with automatic halogen headlights with LED daytime running lights, including automatic activation. For comfort, it offers DEATC dual-zone electronic automatic temperature control, including climate control. Parking is made easier with enhanced active park assist, incorporating front and rear parking sensors. The Ford DAB navigation system with Ford SYNC3, including Bluetooth, keeps you connected and entertained on the move. This Kuga stands out with its fuel efficiency, achieving up to 59 mpg, meaning fewer trips to the petrol station. It also falls into a low insurance group, offering potential savings on your premiums. Furthermore, its low CO2 emissions mean it's kinder to the environment and potentially cheaper to tax than similar vehicles.
