With only two previous owners and very low mileage for its age at 68796 miles, this 2015 Ford Mondeo TDCi Titanium represents a great find. The Mondeo, with its Titanium trim, is powered by a 2.0L diesel engine and meets Euro 6 emission standards. It's equipped with automatic headlights, including an automatic on function, ensuring enhanced visibility. The convenience of Bluetooth audio streaming is included, along with dual-zone electronic automatic temperature control, also known as climate control, and independent rear air conditioning.

The spacious boot is a real plus, making this Mondeo ideal for families or anyone needing extra cargo space. The car's acceleration is particularly noteworthy, reaching 0-62mph in just 8.3 seconds, which means it's quicker off the mark than many similar vehicles. This combination of features and performance makes the Ford Mondeo a practical and appealing choice.
