This 2016 Ford Focus TDCi Zetec presents a remarkable opportunity with its exceptionally low mileage of just 77,101 miles, especially considering its age, and having been owned by only two previous keepers. Powered by an efficient 1.5 litre diesel engine, this Euro 6 compliant Focus Zetec offers a superb driving experience. Inside, you'll find a user friendly 8 inch TFT touchscreen complete with Ford SYNC2, which includes Bluetooth connectivity for seamless phone integration and audio streaming. Comfort is assured with manual air conditioning, ensuring a pleasant cabin temperature in all conditions.

The appeal of this Focus is further enhanced by its impressive fuel economy, achieving an outstanding 74 miles per gallon, which is a significant advantage for everyday running costs. This efficiency, combined with its low CO2 emissions and placement in a low insurance group, clearly sets it apart from many other vehicles in its class, making it a cost effective and sensible choice for any driver.
