This 2009 Land Rover Defender 90 County Station Wagon presents a compelling proposition for those seeking robust capability. Powered by a reliable 2.4 litre TDCi diesel engine, this manual four wheel drive model offers a balanced blend of performance and efficiency, achieving a respectable 28 miles per gallon. Its short wheelbase design, characteristic of the 90 variant, enhances its agility, while the County trim level ensures a well appointed interior for its purpose. With a substantial towing weight of 3500 kg, this Defender is exceptionally well equipped for demanding tasks.

The Defender 90 stands out with its low CO2 emissions, indicating a more environmentally conscious approach compared to many vehicles in its class. This particular example, with its proven 2.4 TDCi Euro 4 engine, delivers dependable power and torque, making it a capable companion for both work and adventure. The four wheel drive system provides confidence in challenging conditions, ensuring you can tackle varied terrains with assurance.
