£200

This 2019 Ford Kuga TDCi ST-Line presents a compelling proposition with its remarkably low mileage of just 45,000 miles for its age. This particular ST-Line model is equipped with a robust 2.0 litre diesel engine, meeting Euro 6 emission standards. Comfort is enhanced by DEATC Dual-Zone Electronic Automatic Temperature Control, ensuring a pleasant cabin environment for all occupants. For convenience and ease of parking, it features rear parking sensors and the Enhanced Active Park Assist system, which also includes front parking sensors. The Ford Key Free System allows for effortless keyless entry and keyless start, adding a touch of modern sophistication.

Further highlighting the value of this Ford Kuga is its low insurance group rating, which can contribute to lower running costs. The combination of its desirable ST-Line trim, the efficient 2.0L diesel engine, and the advanced parking assistance systems, alongside the keyless entry and climate control, positions this vehicle as a well appointed and practical choice within its class. Its low mileage further underscores its excellent condition and potential for many more miles of reliable service.
