This Mercedes-Benz E Class E350 V6 AMG Sport from 2013 presents an exceptional ownership history with only two previous owners and a remarkably low mileage of 81,000 miles for its age. Powered by a 3.0L Diesel engine and meeting Euro 6 emissions standards, this AMG Sport trim vehicle offers a compelling blend of performance and efficiency. Inside, you'll find comfort and convenience with heated front seats and automatic climate control featuring a digital display. Connectivity is made simple with the Bluetooth interface for hands free telephone calls, and parking is made easier with both front and rear parking sensors, including parking assistance.

The impressive acceleration of this E Class, achieving 0-62mph in just 6.9 seconds, highlights its dynamic capability. Furthermore, the generous boot space ensures practicality for all your needs. These factors, combined with its low mileage and limited ownership, demonstrate that this Mercedes-Benz E Class E350 V6 AMG Sport offers a superior ownership proposition compared to other vehicles of its kind.
